

WINSFORD HEALTH CENTRE - DOCTORS SURGERY

HDD was commissioned by Central & Eastern Cheshire Primary Care Trust to develop this one-stop health centre for the community of Winsford. It is accommodated in a 29,000 sq. ft. building over two storeys and consists of 17 GP consulting rooms, a number of primary care services facilities, a dental practice and an integrated pharmacy.

“ We worked closely with Central and Eastern Cheshire Primary Care Trust and the local authority to provide this state-of-the-art facility. It puts medical services back into the heart of the community, which is both convenient for local people, and also eases the burden on nearby hospitals. - *Scott Davidson, HDD*

COMMUNITY

Full suite of primary medical services, including a GP surgery, dental practice, minor surgery theatre and facilities for chronic disease clinics, post-natal care, vaccinations, physiotherapy and ancillary uses. A pharmacy is provided on site.
